

QUALITY POLICY

"Goltens are committed to being the preferred global service provider in marine and onshore industries.

Our pride and culture are built on serving the market with latest innovative technical solutions and services.

We are committed to continually improving our processes, practices and attitude by setting measurable and tangible targets and objectives, to ensure that customers requirements and expectations are met at an agreed cost, on time, wherever and whenever required."

Paul F. Friedberg
Managing Director

Dubai, January 2005
