

# Goltens Miami

**Goltens Miami - Servicing Marine, Industrial,  
Offshore and Stationary Power customers  
since 1978**

## Goltens Miami

### Your Independent Service Partner

Since 1978, Goltens Miami has been providing a full range of preventive and emergency repair services to our Marine, Industrial, Offshore and Stationary power customers throughout the Americas and Caribbean.

Goltens is a service organization that enables plant operators all over the world to minimize asset downtime.

Responding quickly to critical situations with services of predictably high quality has earned us a strong position with decision makers who focus on the value of uninterrupted operation.

We work closely with leading equipment manufacturers. However, we are clearly independent to leave no doubt that our loyalty belongs to our customers.
