Re-audit may be required when deemed necessary by ABS.

The continued validity of the ABS Certification is subject to annual audits. The annual audit shall be carried out within 30-day window of the anniversary of the effective date. If your company performs at least two satisfactory inspection in the previous working year, the annual audits may be waived at the Surveyor's discretion.

It is your responsibility to employ, train and qualify persons in the services provided. If the service requires approval from manufacturers, your company is responsible to maintain contact with the manufacturer and maintain up-to-date service manuals. Company representatives must present evidence of qualifications when carrying out the service.

At its own discretion, ABS may withdraw its approval and invalidate the Certificate for the following reasons:

3. Where the Provider fails to inform ABS of any alteration in procedures,
4. Where surveillance audit, if requested, has not been carried out,
5. Where willful misrepresentations or omissions are ascertained,
6. When ABS fees are not paid.

Should your recognition be canceled, you may re-apply for recognition after corrective actions for the reasons for cancellation have been implemented to the satisfaction of ABS. **This possibility may not be open if the cancellation is based on a grave fault such as a violation of ethics.**

Your company is not a sub-contractor of ABS and is not to be considered an agent of ABS for any purpose.
