

# Dry-docking of vessels (Dubai)

**Goltens Dubai Co. Ltd. is a one-stop shop for dry-docking services of vessels up to 6000 DWT and 125M LOA.**

Utilizing the vast range of services Goltens has to offer, customers are able to encompass the maximum scope of work during a vessel's stay on dock without having to approach other contractors. From the time the vessel comes out of the water until she sails away, Goltens is able to make sure no job is left uncompleted.

Goltens is focused on being the single point of contact for any vessel, vessel manager or vessel owner. Our ability to offer top to bottom maintenance and repairs ensures the customer gets maximum attention at all times.

The new state-of-the-art facility in DMC allows for better customer attention and support of dockings and afloat jobs in the DMC area along with a larger capacity, both in quantity and dimensions, of vessels.
